# Giacomo Moggioli

giacomo.moggioli@gmail.com
Telephone: +41799506703
1 Oberdorfstrasse, Dietlikon, 8305, Switzerland

Data Science
Data visualisation
Genetics
Comparative analyses

## EDUCATION

09/2019 - 07/2023

### PhD Bioinformatics

Queen Mary University of London, UK | Chema Martin-Duran Lab.

NGS, Genome assembly & annotation, Comparative genomics, Symbioses

09/2016 - 11/2018

### MSc Biology

University of Milan Bicocca, Italy

Genetics, Molecular biology, Evolution Microbiology, Statistics

09/2013 - 07/2016

### BSc Biological Sciences

University of Milan Bicocca, Italy

Chemistry, Biochemistry, Ecology, Zoology, Cytology

05-18/01/2020

### Workshop Genomics

Cesky Krumlov, Czech Republic | Genome evolution, Bioinformatics

2019 - 2023

### Coding courses

Codecademy, Coursera | Python3, R, Data analysis, Data visualisation

## WORK EXPERIENCE

01/05/2024 - NOW

### PostDoctoral Fellow

Eawag, Dübendorf, Switzerland | Christoph Vorburger Lab.

NGS, Genome assembly & annotation, Comparative genomics, Symbioses,

Machine-Learning based analyses, Data Science, Proteomics, Java, App Developer

11/07/2023 - 31/03/2024

### PostDoctoral Fellow

Max Planck Institute, Bremen, Germany | Laetitia Wilkins Lab.

NGS, Genome assembly & annotation, Comparative genomics, Symbioses

24/10/2022 - 25/11/2022

### Data Scientist

RSM, S2DS (Pivigo), London, UK

Software developer Machine-Learning, NLP

29/10/2019 - 23/09/2022

### Demonstrator

Queen Mary University of London, UK

Teaching, Supervision, Grading, Field trips

1/10/2017 - 30/09/2018

### Bioinformatician

H. Heine University, Dusseldorf, Germany | William F. Martin Lab.

Proteomics, Motifs reconstruction

08 - 09/2014
6 weeks

### Volunteer

Projects Abroad, Krabi, Thailand

Marine biology, Conservation, Ecology

2013 - present

### Freelance Illustrator

Event organiser, Art fairs, Exhibitions, Commissions

## GRANTS & AWARDS

2019 **PhD Bursary**
Queen Mary University of London & Wellcome Trust | 3 years

2017 **Erasmus +**
European Union & University of Milan Bicocca | 1 year

2018 **Special Mention Award**
Art & Science contest | University of Milan Bicocca

## PUBLICATIONS

2023 **Nature** | Co-author
"Annelid functional genomics reveal the origins of bilaterian life cycles"

2023 **Nature Communications** | First-author
"Distinct genomic routes underlie transitions to specialised symbiotic lifestyles in deep-sea annelid worms"

2023 **Mbio** | Co-author
"A dynamic Campylobacterales epibiont community associated with the bone eating worm Osedax "

2020 **Life** | Co-author
"The Future of Origin of Life Research: Bridging Decades-Old Divisions"

## OUTREACH

2025 **ESEB** | Barcelona, Spain | Poster
2025 **SMBE** | Beijing, China | Poster
2023 **Biodiversity Genomics** | Online | Talk
2022 **Biodiversity Genomics** | Online | Talk
2018 **SMBE** | Yokohama, Japan | Poster
2018 **Interdisciplinary Origin of Life** | Dusseldorf, Germany | Talk
2021 **SciArt profiles** | The Node | Interview

## SKILLS

### Software:

- Python 3
- R
- Bash/Shell
- Adobe Suite
- Procreate
- Microsoft Office
- Keynote
- Machine Learning
- App Developer Java, Next

### Bioinformatics:

- Illumina and PacBio sequencing
- Genome assembly and annotation
- Gene expression
- Gene orthology assignment
- Phylogenetic reconstruction
- KEGG pathways
- GO enrichment
- HPC usage

### Softskills:

- Teamwork
- Analytical thinking
- Adaptability
- Leadership
- Empathy
- Communication
- Con flict resolution
- Creativity

## ADDITIONAL INFO

### Interests:

- Art & illustration
- Scuba diving
- Personal and professional growth
- Outdoor enthusiast
- DIY
